

Facilities Management Supervisor Level 3 (Apprenticeship)

Overview

Effective Facilities Management, combining resources and activities, is vital to the success of any school or multi academy trusts. At a strategic level, it contributes to the delivery of operational objectives. On a day-to-day level, effective Facilities Management provides a safe and efficient working environment, which is essential to the performance of any school – whatever its size and scope.

Whilst undertaking this apprenticeship, the learner will receive up to two years studying membership of the Institute of Workplace and Facilities Management (IWFM) and upon completion will meet the qualifying criteria for Associate Membership of the Institute.

Objectives

The programme:

- prepares an individual for managing a facilities management service or group of services. Ranging from property strategy, space management and communications infrastructure to building maintenance, administration and contract management.
- prepares the learner for holding extensive responsibilities for providing, maintaining and developing many services.

Each apprentice must undergo an independent end-point assessment to determine the outcome of their apprenticeship. The assessments will evaluate the knowledge, skills and behaviours gained during their programme. The methods in which this apprenticeship is assessed are:

- written test
- competency based interview

Facilitators	Apprenticeship by SCCU.UK
Audience	Suitable for facilities staff, or anyone looking to progress to a team leader.
Commitment	18 months. Apprentices will be assigned a dedicated tutor. The tutor will visit monthly in the workplace, as well as being on hand to support throughout the duration of the apprenticeship programme. The frequency of these sessions may be more, depending on the needs of the apprentice
